Vidya Bharati Alumni And Police Personnel From Uttar Pradesh, Sri Amit Shukla Shares How His Entire Life Has Been Dedicated To Social Service

'If the seeds of sanskar bloom in your childhood, then the future ahead becomes automatic' - Amit Shukla (Vidya Bharati Alumni)

Hailing from Bhadohi area of Uttar Pradesh, Vidya Bharati alumni Sri Amit Shukla is a nationalist at heart who has spent most of his life serving in different governmental departments and finally joining the police force in Uttar Pradesh. He is a passionate social worker and has associated himself with several social projects. Recently he shared his experiences with Vidya Bharati via a short interview.

Sri Shukla is an alumni of **Shaheed Naresh Vidya Mandir, Khamaria Bhadoh** (2004 batch), where he had studied till class 10 before shifting to Ram Sajivan Lal Inter College, Khamaria, Bhadohi to complete his schooling. In 2012 he passed his B. Tech degree in CSE

from United College of Engineering and Research, Greater Noida.

From his childhood Sri Shukla had only one aim, that is to serve his country, through whatever work he took up. From 2012, he started preparing for the UPSC examination and continued to attempt to clear it for the next three years without success. It was during this time that he became heavily involved with social work and from 2013 to 2017 he got associated with an organisation named '**Sankalp Sansthan**'. Over there he worked on several projects, but his main focus was to

guide students who were preparing for competitive examinations, many of whom now successfully hold governmental positions in state and central level.

During this period he was also associated with '**Navjyoti India Foundation**' (established by Kiran Bedi), where he worked as Volunteer Teacher and counselor. He taught science and mathematics to children of financially weak families residing in Jhuggi Hut Colony of Bawana, Delhi.

In the year 2015, Sri Shukla, joined Delhi Government as a **Vocational Instructor (IT)**. He imparted IT related knowledge to children of classes 9 to 12 in a government school of Delhi for 2 years. He has fond memories of those years as he thoroughly loved his work and his students are still in touch with him.

In 2017, Sri Shukla joined the **Department of Handicrafts under the Ministry of Textiles**, Government of India, as an IT professional and was posted in the regional office located in Lucknow. He worked there for one year and then subsequently, worked at **Nehru Yuva Kendra, Kaushambi** from October 2018 to June 2019 under the Ministry of Youth Affairs and Sports. Over

there Sri Shukla was responsible for guiding and training youths in different forms of sports.

Since July 2019, Sri Shukla has been training to become a police officer in Armed Police Training College, Sitapur and joined the battalion in June 2020. He is presently working as Platoon Commander (Sub Inspector Rank), in Uttar Pradesh Police.

Speaking about the impact that his school has had on his life, Sri Shukla stated that since he was a student, his school was the main force behind developing his intense passion towards social service and love for his nation. All throughout his life he has strived to help the people around him, and hopes that now that he has joined the police force, he will be able to serve and protect his country in the future as well.

Sri Shukla carries a deep love and respect for his teachers and is still in touch with many of them.

Before ending the conversation, Sri Shukla wished success to all Vidya Bharati schools and hoped that the institution of Vidya Bharati would grow from strength to strength, so that more students can get the opportunity to grow to their full potential.

With More Than Fifteen Years' Of Experience In The Social Service Sector, Social Worker Sri Rajojula Brahmachari From Andhra Pradesh Helps In Strengthening (Shgs) In India

Self-help groups (SHGs) in India are considered as an important method of poverty alleviation. Among women it is a tool for empowerment, developing leadership abilities among the poor, increasing school enrolments and improving nutrition.

Self Help Groups (SHGs) are small groups of people from financially weak backgrounds. The members of an SHG face similar problems and help each other, to solve their problems. SHGs promote small savings among their members. The savings are kept with the bank. This is the common fund in the name of the SHG and gives small loans to its members from its common fund.

Although SHGs provide some economic stability to its members, it has been found often that they lack basic education needed to establish small businesses or make effective

financial decisions. Often they need guidance of an impartial third person or body. Several organisations in India are working in this sector and under their council many groups have been able to become self-sustaining and financially stable.

Vidya Bharati alumni, Sri Rajojula Brahmachari is one such individual who has been working closely with self-help groups for more than a decade.

Sri Brahmachari hails from **Ramagundam, Telangana**, and is an alumnus of **Sri Saraswathi Sisumandir** where he had studied till class 10. Since his early school days, Sri Brahmachari, was immensely affected by the teachings of school and wanted to enter the social service sector. Hence after completion of his schooling, he took up 'Sociology' as his chosen subject in college.

After doing his graduation he started working as '**District resource Person**', SHG, where he worked for almost 2 years, before shifting to **Dr. Reddy's Foundation**, where he was appointed as 'Customer Relations cum Center- Coordinator'. Later he worked as '**District Coordinator**'

under Construction Industrial Development Council and as 'ITES Trainer cum Center-Coordinator' under Skill Pro Foundation.

It was in the year 2011 that he joined his present organisation 'Mahila Abhivruddi Society (APMAS)', first as a 'Capacity Building Officer' and then moved up to become 'Project officer'.

In 1998 there was a need for the establishment of an autonomous state level institution to strengthen the SHGs and provide technical guidance to the institutions. It was suggested that an autonomous institution be registered, with the name Andhra Pradesh Mahila Abhivruddhi, which would work in the

development of all SHGs in the state and thus APMAS was formed. Although this institution works across several states in India, like Rajasthan, Madhya Pradesh and Bihar, Sri Brahmachari works mainly in Andhra and Telangana region.

Speaking about his school, Sri Brahmachari mentioned that his interest in social work started during his school days, whose importance was advocated by his teachers. He also cited that his school has also helped him to develop his personality, soft skills and sense of nationalism.

Before ending the interview, Sri Brahmachari urged all Vidya Bharati students to develop their sense of service and be associated with nation building in whatever capacity they can.
