

# Annual General Meeting 2022

**Dr. D. Rama Krishna Rao Re-elected National  
President of Vidya Bharati**

## Vidya Bharati Akhil Bhartiya Shiksha Sansthan NEWSLETTER

Mar-Apr 2022

Quality Education With Values

**Shri Govind Mohanty**  
Organising Secretary  
Vidya Bharati Akhil Bhartiya Shiksha Sansthan

**Shri Avnish Bhatnagar**  
General Secretary  
Vidya Bharati Akhil Bhartiya Shiksha Sansthan

### Inside the Newsletter:

- \* The goal of the society should be "We should go to school again" - Krishna Gopal
- \* Central Executive Committee list 2022
- \* Akhil Bhartiya Student Essay Competition Results Declared, Kurushetra
- \* Vidya Bharati's "Amrit Bhawan" Inaugurated By Suresh Soni
- \* Vidya Bharati's Alumni Megha Parmar, who made world record, was honoured
- \* Vidya Bharati in West Bengal, Jamunabali
- \* Vidya Bharati Alumni in Alumni Interviews
- \* Vidya Bharati In Media

The Annual General Meeting of Vidya Bharati was organised in Kudlum, Ranchi on the 25th, 26th and 27th March 2022.

A total of 331 participants from 11 regions, comprising of 67 'prants' attended. All senior office bearers of Vidya Bharati were present. Dr. Krishna Gopal, the Saha Sarkaryavah of the Rashtriya Swayamsevak Sangh (RSS), also attended.

On the second day of Dr. D. Ramakrishna Rao was re-elected as the Akhil Bharatiya President of Vidya Bharati. He is a senior volunteer of the Sangh and a skilled leader in the field of education. While emphasizing on the National Education Policy 2020 in his address, he urged everyone to implement it in their respective areas for the all-round development of the children, which would inculcate a sense of nationalism and belongingness within the children. Only India centered education will replace us as Vishwa Guru.

The activities of schools and students have been weakened due to the global

the meeting that the damage caused to the students, schools and teachers due to the Corona

**The goal of the society should be “We should go to school again” - Krishna Gopal**

disaster. Students had stopped going to school. Let us go to school again, should be our goal, Dr. Krishna Gopal, the Saha Sarkaryavah of the Rashtriya Swayamsevak Sangh (RSS), said in his address in the inaugural session of the three-day meet at Shri Krishna Chandra Gandhi Educational Nagar, Kudlum. Being the Guardian of Vidya Bharati, he called upon all the participants present in

period, can be successfully rearranged with the help of all the gentle forces of the society. The damage done to children in terms of social, mental and intellect can only be completed on the basis of socially. For this, along with the school, the family members will also have to be especially active. Children will have to be made aware for maximum social life and various types of competitions will have to be included in their daily routine. The physical, intellectual and mental abilities of the children will be developed only by the participation of the children in the competitions.

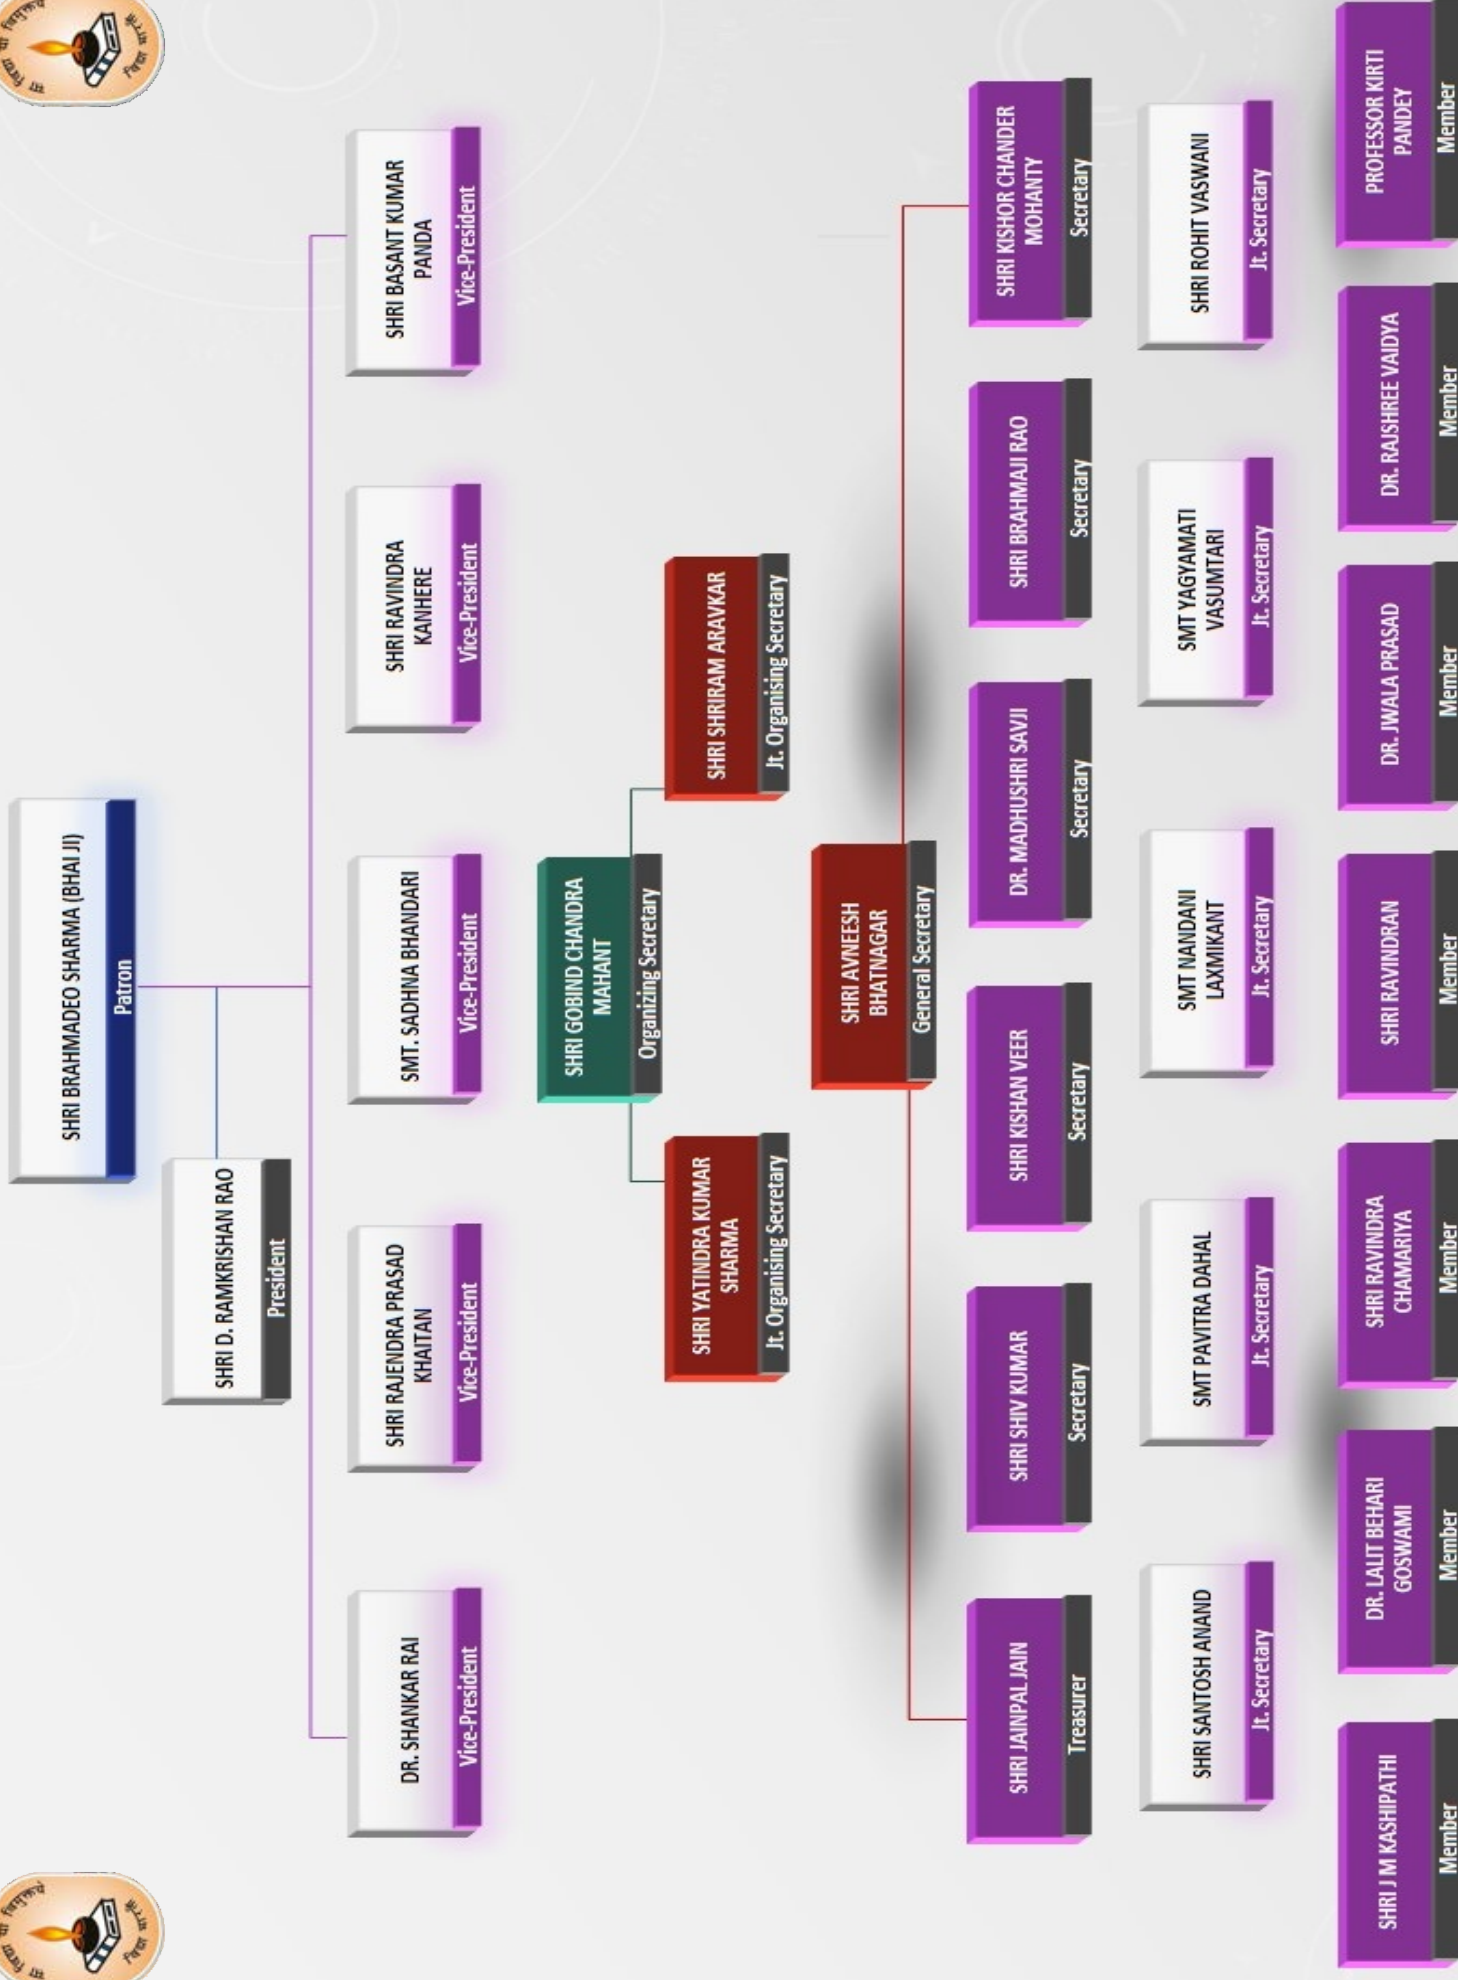

Presenting the preamble of the meeting, Akhil

**Shri Avnish Bhatnagar drew everyone's attention to some important points -**

- The focus will be on preparing good teachers.
- he focus will be on preparing good teachers.
- The challenge is to save children from the English language.
- Will take the initiative to restart closed schools.

# Central Executive Committee list 2022

## Vidya Bharati's "Amrit Bhawan" by Inaugurated Suresh Soni

At the inauguration ceremony of Amrit Bhawan of Vidya Bharati versatile educational project located in Hajongbadi was completed. Akhil Bhartiya executive member of Rashtriya Swayamsevak Sangh, Suresh Soni, inaugurated Amrit Bhawan. Provided the message of the environment by planting the Parijat tree on the project premises. At the ceremony, Akhil Bhartiya Co-Organization Secretary of Vidya Bharati, ShreeRam Aravkar Ji was present as a special guest. Vidya Bharati Purvottar Kshetra President Prof. Ganga Prasad Parsain, President of Shishu Shiksha Samiti Assam Dr. Dibjyoti Mahanta, President of Vidya Bharati Multipurpose Educational Project, Sachiram Payeng were the forums.

Suresh Soni Ji while delivering the speech said that for the children the first school is the home and the mother is the first teacher. The main objective of the National Education Policy is to empower children. Considering the totality of education, one should think on the basis of Indian knowledge tradition. The spirit of sanskar should come in educational institutions.

Giving guidance, ShreeRam Aravkar Ji said that Vidya Bharati does the work of awakening the spirit within the teachers. Teaching should be action-based and social knowledge-based. Education should be used in the interest of society by rising above individual interests. Vidya Bharati is making continuous efforts for the

implementation of education policy, for this, the work of teacher training has also been almost completed.

Akhil Bhartiya, regional, and state-level karyakartas of various organizations of Sangh Parivar were present on the occasion of the Amrit Bhawan inauguration ceremony. The construction workers who constructed the building very nicely were honored by the Shri Suresh Soni Ji, All India executive committee member of Sangh. Shri Kulendra Kumar Bhagawati Secretary of Shishu Shiksha Samiti Assam also presented at this event and gave a vote of thanks. The function was attended by the Vice-Chancellors of various Indian universities and eminent educationists.

## Vidya Bharati Alumni Megha Parmar, who made a world record, was honored

Saraswati Shishu Mandir Akodia. Megha Parmar is the only girl in the world who made a new world record by conquering the mountains of four continents and diving 147 feet in the depth of the sea. Also, Megha Parmar is the only daughter of Madhya Pradesh to scale Mount Everest. Mountaineer Megha is the brand ambassador of Madhya Pradesh Governance's "Beti Bachao-Beti Padhao" campaign.

On this great achievement of the alumna, Megha Parmar was felicitated and honoured at the Saraswati

Vidya Pratishthan "Pragyadeep" and Saraswati Shishu Mandir, Harshvardhan Nagar Vidyalaya (Vidya Bharati Madhya Bharat Prant Office). Vidya Bharati's Regional Organization Secretary - Shri Bhalchandra Rawale, Regional Secretary - Shri Vivek Shendey, Prant Organization Mantri - Shri Nikhilesh Maheshwari, Regional Secretary - Shri Shiromani Dubey, Prant Treasurer - Shri Mohanlal Gupta, and Prant Head Dr. Ramkumar Bhavsar were present on the occasion. Also in the ceremony organized at Saraswati Shishu

Bhopal. The former students who came out of Vidya Bharati's schools are setting their own records not only in India but all over the world. One such record has been created by Megha Parmar, a former student of Vidya Bharati's school

Mandir, Harshvardhan Nagar Vidyalaya, Mountaineer Megha Parmar shared her experience statement in front of the alumni of the school present there, parents, and Acharya and she also shared the stories of achieving her goal,

struggle, and this challenging adventure journey. She told how she got the inspiration to do such kinds of adventure and some special work while visiting Saraswati Shishu Mandir in her childhood. All the officials present

on this occasion congratulated and extended their best wishes to Megha Parmar. At the end of the program, Principal Brajmohan Gurjar expressed a vote of thanks.

## "Vidya Bharati in West Bengal, Jamunabali "

### Sarada Vidya Mandir, Jamunabali - Providing Holistic Education To Its Students Since 2012

school got affiliation till Class 8. In 2016 the affiliation was increased to Class 10 and to Class 12 in the year 2019. Presently the school educates around 750 Students. There are 25 teaching staff and supported further by 4 non-teaching staff.

The school is equipped with 28 class rooms and all essential modern facilities needed for overall development of the students. It has a well-equipped library, as well as computer and science labs. As all Vidya Bharati schools a lot of attention is given towards the moral development of the students. Humanity, Nationalism, Social service, Environmental sustainability, Cultural values, all find its place alongside top quality academics. The students learn to emphasize and become socially responsible

citizens.

Alongside academics, moral and social development, physical activities, games and sports occupy a pivotal role in the overall curriculum. All students participate in Annual Sports Day with immense enthusiasm and vigour. Other Co-curricular activities such as music, dance, oration, art, debate, science competition and quizzes also find their place in the school curriculum as well. All cultural events and patriotic dates are celebrated with the view of making the students more rooted to their cultural and national identity. Sarada Vidya Mandir, Jamunabali is an exemplary school that makes an effort to not only educate its students, but to make them into ideal citizens for our country.

Established in the year 2012, Sarada Vidya Mandir, Jamunabali, is located in the village of Jamunabali of Paschim Medinipur district, West Bengal. It has always been the vision of Vidya Bharati to provide quality education in remote villages and areas where good educational institutions are lacking. Sarada Vidya Mandir, Jamunabali is one such example. Within a short period of time, the school has grown in leaps and bound and gained the trust of the local residents.

The foundation of the school was laid on 23rd January on the occasion of Netaji Subhash Chandra Bose's birthday and started with only 16 students, 3 teachers and 2 class rooms. In the year 2015, the

## “Vidya Bharati Alumni in Alumni Interviews”

### Prof. (Dr.) Sanjay K. Sharma - A Fellow Of Royal Society Of Chemistry (UK), Propagating Green Chemistry To Reduce Environmental Hazards

Over the years, the world has made significant developments in agriculture, energy and health that have contributed to human well-being. However, some of these improvements in our lives have resulted in changes to the environment around us. Our environment is a hugely complex system that includes the air we breathe, the land we live on, the water we drink and the climate around us. We must work to ensure that our developments in do not adversely affect our environment. As we strive towards a better world, chemistry's contributions are realized. Chemistry can help us to understand, monitor, protect and improve the environment around us.

Prof. (Dr.) Sanjay K. Sharma, an alumnus of Basant Prabhu Rastriya Vidya Mandir, Kotputli, Rajasthan is working relentlessly to protect the Mother Nature from the hazards caused on her as a result of global development.

Sanjay hails from a quaint little town located on the Delhi-Jaipur highway – Kotputli, from where he completed his education. He did his schooling first till class 8 at the Vidya Bharati School, then his 12th from Govt Sardar Sen. Secondary School, Kotputli. He then joined the Govt. Lal Bahadur Shastri College, Kotputli from where he studied BSc and MSc in mathematics. From mathematics, Sanjay

moved to Organic Chemistry to earn his PhD from Rajasthan University.

After his PhD, Sanjay started working as a lecturer in an engineering college in Alwar, where he served for 10 years. He then joined JECRC University in Jaipur. Presently he is serving as the Professor of Chemistry and Dean of the institute and is also doing research from there. So far Sanjay has authored around 21 books on Green Chemistry which has been published from publication houses of international repute such as Springer (UK), Wiley (Germany), Royal Society of Chemistry (UK), CRC Press Taylor & Francis (USA), Wiley- Scrivener (USA) etc. He has also authored over 100 Research papers which has been published in journals of international repute. Sanjay is also editing a book series of Springer on 'Green Chemistry for Sustainability' and so far he has edited around 39 titles authored by renowned scientists from all across the globe.

Sanjay is a Fellow of Royal Society of Chemistry (UK). The journey of a small town boy to a scientist of international repute is truly an inspiring one. And Sanjay credits his school for all that he has achieved in his life so far. “I was the Ghosh Pramukh of my school, which required me to represent my school in various occasions. This helped me to know the

society more and motivated me to work in a field which will ultimately help in improving the world for all”, mentioned Sanjay.

One of biggest issue the world faces today is environmental pollution. Hence sustainability is becoming increasingly important in almost every industry and chemistry is no different. “There are various types of Chemistry like organic, inorganic and physical. Every type of chemistry have a negative impact on climate because the outcome of every type of chemistry is some way or the other hazardous to the Mother Nature and ultimately to the environmental sustainability and the climate. So Green Chemistry is a stream or a philosophy of practicing chemistry in such a way that the hazardous or negative impact is minimized and the end product is not compromised”, Sanjay explains.

Green chemistry, also called sustainable chemistry, is an area of chemistry and chemical engineering focused on the design of products and processes that minimize or

eliminate the use and generation of hazardous substances. The application of the subject is enormous as Sanjay explains, "Green Chemistry is a study of applied nature. One can work with a computer engineer, a management student, or an engineer... any work of life. Its

colleges and universities where one can study Green Chemistry. Sometimes students get confused between Environmental Chemistry and Green Chemistry. While Environmental Chemistry is Chemistry of Environment, Green Chemistry is Chemistry for

application is very wide. There are in total 17 Sustainable Development Goals. And in each of these Goals the Green Chemistry plays a very crucial part".

He further adds cautioning the student those who want to study this subject, "There are several

Environment. Students must not get confused before choosing the subject".

Sanjay's relentless work has earned him several awards and recognitions. He is a member of American Chemical Society (USA), and International Society for Environmental Information Sciences (ISEIS, Canada) and is also life member of various international professional societies including International Society of Analytical Scientists, Indian Council of Chemists, International Congress of Chemistry and Environment, Indian Chemical Society, etc. He has been awarded Life Time Achievement Award by Association of Chemistry Teachers.
