

# Sainik Vidya Mandir to train youth for joining the Armed Forces

Today there is a shortage of about 10,000 officers in the Army, Navy and Air Force. The reason behind this is that not many young people can match the eligibility criteria for the officers' post in the forces. There is only one Army School in each state to prepare the youth, mentally and physically to become officers and this is not enough.

Vidya Bharati believes that the Army/Sainik Schools should also be started in other places of the country with the help of the society so that there is no shortage of officers in the army. Vidya Bharati is already successfully running around 23,000 schools in the country with the help of society.

Now, Vidya Bharati is all set to start a Sainik School in Shikarpur, Bulandsahar in UP. In this proposed school a total of 1120 students will be admitted in classes 6 to 12. The school will be completely residential with 56 seats reserved for the children of martyred soldiers.

This school will operate on the CBSE pattern. In the entire land: An academic block, a hostel, an employees' residence and other facilities such as dispensary facilities for students p h y s i c a l training. Within the next 4 y e a r s , another 15,000 sq.yards of land will be required, on

which a second hostel (approx 40,000 sq. ft.) and a second stadium is proposed to be made for physical training. An expenditure of about 40 cores is estimated on the entire project. On 24 August 2018, the Bhoomi Poojan was performed by Padamshri Shri Brahmadeo Sharma and Swami Awadheshanad Ji.

Today, work is going on for the third floor of the academic block. It is targeted to start the school session 2020-2021. The goal of the program is that 160 students will be able to get admission in class 6 in the first year.

In the Rajju Bhaiya Sainik Vidya Mandir, the students will be prepared in such a way that he/she can be selected in the post of officers in any of the 3 services. Even if he /she is not selected in other security forces or defense services, they can live their life in any field of life by becoming a successful Indian citizen dedicated to the service of the nation.

Devansh was honored at the school. Devansh, a resident of Ram Rawatpur village, has taken the training of archery in Armpur from Abhishek Kumar. Earlier, Devansh won gold and silver medals respectively in Nagpur and Ajmer in the national archery competition.

## Vidya Bharati Alumni Honored with Veetra Puraskar

Respect and love for the motherland is one of the most important foundations of Vidya Bharati and all it's schools try and install this feeling in every student, resulting in several alumni working in Indian Army, IAS and IPS.

Taking this thought forward Vidya Bharati alumni **Shri Pawan Kumar Trigunayat** from Saraswati Vidya Mandir Inter College has dedicated his life in the service of our Motherland.

Trigunayat is an Assistant Commandant at CRPF. He was honored with **Veerta Puraskar from President of India**, Shri Ram Nath Kovind in the year 2019. He lives his

life with the motto 'Bharat Mata Ki Jai;. He had fought with bravery and killed a terrorist which falls under the category of A++ at an operation launched in Jammu and Kashmir. In this operation Pawan Kumar had lead his team fearlessly. V i d y a Bharati salutes his bravery and dedication.

## Think About it

Many of us plan holidays, at least once a year. The first choice goes to a destination abroad. And the main reason is peer pressure. If another friend or a family member has gone, this also influences. In his Independence Day message, PM Modi talked in detail on domestic tourism - and asked all to visit 15 destinations by 2022. When we go abroad, the money spent improves its economy. When we use domestic destinations it improves our economy - gives jobs.

We crib of poor facilities, cleanliness, etc. But rightly pointed out by PM that if more people visit, this situation will improve too. India is fortunate to have thousands of destinations - sea, mountains, jungles, waterfalls, etc. If we promote, if we help improve the environment even tourists from abroad will come in abundance. Enjoy destinations abroad too, but do not neglect domestic ones. - <u>Vijay Maroo</u>
