Akhil Bharatiya Karyakarini Bhaithak of Vidya Bharati

Form an alumni council at the Prantiya level -
Dr. Krishna Gopal

It is necessary to understand the 'Panchkoshiya Vikas' for the implementation of the National Education Policy: D. Ramakrishna Rao

Disillusionment with the Western culture should awaken the sense of self-respect: Gobind Chandra Mahanta

'Clean Seas — Safe Seas' Campaign on International Coastal Cleanup Day

Akhil Bharatiya Karyakarini Bhaithak, Gorakhpur, UP

Develop A Sense of Duty and Nationalism by Increasing Intimacy - Dr. Krishna Gopal Chandra

Gorakhpur | Akhil Bharatiya Karyakarini Baithak of Vidya Bharati was held from 22 to 24 September at Saraswati Shishu Mandir Pakkibag, Gorakhpur, Uttar Pradesh. In the meeting, topics like the working status of Vidya Bharati, empowerment of work, quality of education, implementation of National Education Policy, social change, etc. were specifically discussed. More than 160 delegates from across the country participated in the meeting.

On this occasion, Dr. Krishna Gopal Chandra, Sah-Sarkaryawah of Rashtriya SwayamSewak Sangh, said that due to the ongoing work of Vidya Bharati for many years, a large number of students studying in its schools have become prestigious in society. With the aim of maintaining continuous contact with these alumni, the Alumni Council has been formed at the Prantiya level in all the schools. This not only leads to a renaissance of their values, but they continue to actively participate in many service projects of Vidya Bharati. Vidya Bharati's students are now second to none in number and quality. Most of the successful students from Bhaurao Deoras Sewa Trust are from Vidya Bharati. Alumni are a huge force. Along with increasing intimacy with the alumni, various programs are also done to inculcate in them a sense of devotion, duty, and nationalism. Alumni also continue to contribute actively in the works of environment, water, energy conservation, self-reliant Bharat, and social awareness. Dr. Krishna Gopal said that emphasis should be laid on studying mother tongues. For the training of Acharyas, workshops should be organized with the help of professors from universities and colleges. Co-operation opens the window to bliss. Development of happiness sheath is necessary for students.

It is necessary to understand the five-dimensional development for the implementation of the National Education Policy: D. Ramakrishna Rao

Shri D. Ramakrishna Rao, Adhyaksh Vidya Bharati, while considering the five-fold development and integral human philosophy, said that every person wants happiness. In Bharat, education is given for life development. Upanishads are our oldest educational texts. In the Upanishads, a person's personality has been described as fivefold. To develop these cells in the practical world is to develop personality.

Disillusionment with the Western culture should awaken the sense of self-respect: Gobind Chandra Mahanta

Vidya Bharati's Akhil Bharatiya Sangathan Mantri Shri Gobind Chandra Mahanta said that even after the hardships of the Corona period, we were successful in increasing the number of students and the number of schools and Sanskar Kendra. In view of the centenary of Rashtriya SwayamSewak Sangh, we have to consider that in the areas where Vidya Bharati does not work, we have to plan, make efforts, and create an environment for such areas to expand there. For quality development, it is necessary to have quality teachers, principals, and committees. We are sitting in a transitional period in which changes are taking place very rapidly in the world of education. Therefore, we have to act consciously. There is an ideological struggle going on for change, we should also play an active role in it. We have to establish Bharatiya education by defeating anti-national forces. The weapon of the opponents is to confuse the society, to create mistrust in the civil power, and to reduce the faith in the country, they are doing this. Therefore, to defeat the anti-national forces, we will have to remain alert and create a separate plan for the mental development of society and will have to work continuously for this. Our work is to create discussion in the education sector. Truth and religion-based issues have to be brought to the fore. Society will have to be informed about the works, experiments, and results of Vidya Bharati. The aim is to break the Western attachment to society and awaken the sense of self-respect. For this, it is necessary to contact academicians, intellectuals, and media, take them along, and make them aware of your specialties. Special attention needs to be paid to vocational education. 60% of our population is below 35 years old. Skill education and vocational education have to be promoted for them. Bharat can be made capable by making 50 percent of the population skilled.

Cont...

Vidya Bharati is preparing important ideological discussions: Yatindra Sharma

Vidya Bharati's Akhil Bharatiya Sah-Sangathan Mantri Shri Yatindra Sharma, while presenting the introduction of the Akhil Bharatiya Executive, said that due to the combined efforts of Nanaji Deshmukh, Krishna Chand Gandhi, the knowledge stream of education which was created in the holy book of Baba Gorakhnath I bow to the Saraswati who has flowed on earth in the form of Shishu Mandir Pakkibagh. This holy land of Gorakhpur is witness to 70 years of Saraswati Shishu Mandir Yojana. This school was started in 1952 with 50 children and five teachers with the aim of bringing ideological change in society through education. Today, the implementation of the NEP, full of ancient traditions and new knowledge, has started. A plan for work expansion has to be prepared by identifying the work area from a geographical, social, and ideological point of view. Jammu and Kashmir, Leh Jammu and Kashmir, Leh, Ladakh, North Eastern region, etc. have been identified for expansion of work. The responsibility of complete implementation of the National Education Policy has been given to the workers of Vidya Bharati. The aim of education is to create a healthy and all-round developed child and to build a capable Bharat by improving the condition, number, and quality of schools. The aim is to free Bharat from anomalies like untouchability and build a harmonious society by expanding the work of Sanskar Kendra and the school service sector. We will prepare a plan for systematic work on basic subjects and five-fold development. Our alumni are a great force. May they become our allies in social change and in building a positive society. Today Vidya Bharati schools have an important place in society. Our students are hoisting the flag of their intelligence in the state's merit list in class 10th and 12th board examinations. Vidya Bharati is also trying to create important ideological discussions through higher education institutions. The idea of Hindutva is not only the idea of

Bharat but it provides the basic mantra of building peace to the entire world.

Vidya Bharati is the Largest Non-Government Organization in The Education Sector in The Country.

Vidya Bharati is the largest non-governmental organization working in the field of education in the country. Vidya Bharati has its own research department. Vidya Bharati operates Shishu Vatika, Saraswati Shishu Mandir, Saraswati Vidya Mandir, primary, upper primary, secondary, senior secondary schools, Sanskar Kendra, single schools, full and semi-Awasiya Vidyalayas and colleges.

Release of Three Books and Documents of Central Dialogue Center

Three books published by the Sanskriti Shiksha Sansthan, Kurukshetra, Sun of Hindutva Chhatrapati Shivaji, Publisher of Truth, Swami Dayanand Saraswati and Tirthankar Mahavir were released. Two documents 'Educational Experiment-2023' and 'Decision and Implementation to promote Bharatiya Languages' have been prepared by 'Kendriya Samvad Kendra' Delhi. Both of them were also released.

'Clean Seas — Safe Seas' Campaign on International Coastal Cleanup Day

Visakhapatnam. Bharatiya Vidya Kendram affiliated to Vidya Bharati Andhra Pradesh is running single schools in the coastal districts of Srikakulam, Visakhapatnam, and Kakinada. Children, parents, and villagers of these single schools participated in this program. Its aim was to create awareness about the impact of pollution on marine life. Fishermen depend on the sea for their livelihood. Due to the pollution of coastal areas, fish catches are rapidly decreasing. Plastic waste has adversely affected marine life.

The clean Sea-Safe Sea campaign was launched on 16 September on International Coastal Cleanup Day. The campaign will be conducted in the villages of Anakapalle district: Mutyalammaleem, Vadachipurapalle, Dibbupalem, Tikkavanipalem, Vadanarsapuram, Kothapalem, Gunipude, Bangaraipeeta, Rajayapeta, Malaparuru, Pentakota, Rajavaram, Gajapatinagaram, Venkatanagaram, Palamukpeta, Kakinada district, Avaldarpadu of Thondaangi Mandal, Perumallapuram, Hemavaram, Chinta. Kayalpeta, Operated in Palamonpeta, Tailathanthipeta, Chikkaripalem, Bativanipalem, Pedakarivanipalem of Srikakulam district Kavithi mandal. In Palamonpeta, children were given gifts by the management of a company in appreciation of their work. 25 boys, 25 girls, etc. from Sharda Vidyalaya, Kodiyalbail Mangalore Metropolitan, Dakshina Kannada district participated in the Sea Beach Cleanliness Day program in Karnataka.

Education Philosophy of Sister Nivedita

Margaret Noble, Britain's Renowned Educationalist

AD In 1884, Margaret Noble started her teaching career and was introduced to the new education system propounded by Pestalozzi and Froebel.

In 1895, to implement her own ideas regarding education, Margaret started her own school named Ruskin School in Wimbledon. Within a short time, Margaret's name began to spread as a good teacher and educationist. She started writing articles in various newspapers and magazines. Due to her intellectual ability, she came to be considered among the upper class of London. Gradually it became a center of education and literary movement, resulting in the birth of the famous Sesame Club. Years later, her brother wrote about her – Wherever she went, a library club sprang up.

Margaret Noble becomes Nivedita

Swami Vivekananda initiated Margaret into the Hindu religion. Margaret was taken to the temple and then Swamiji taught her how to worship Shiva. She was sworn into celibacy and given the name 'Nivedita', meaning dedicated. Margaret Noble was an intelligent thinker and spiritual seeker. She was the daughter of a Christian pioneer, yet she choose to be initiated into Hinduism.

Nivedita is everyone's Sister

During the training period, Nivedita was enthusiastic in discussing the issue of schools for girls with Swami Vivekananda. Swamiji wanted Nivedita to start a school. According to Swamiji, once the feeling of self-sacrifice comes, the work plan becomes integrated and success is achieved. To become a real teacher of Hindu women, Nivedita herself would first have to become a Hindu woman.

Starting of girls's School

When Swami ji felt that Nivedita had agreed to run the school, he had to go to his acquaintances and gather support for the school. Finally, the school started on 12 November 1898. Srma Sharda came to the inauguration and gave her blessings. Nivedita would decorate the school with flowers and ask the students to offer flowers at the feet of Holy Mother Sharda Devi. Nivedita had named the school 'Ramakrishna Balika Vidyalaya'.

Some Western people called it 'Vivekananda Vidyalaya' and the people there knew it as 'Sister Nivedita Vidyalaya'.

Nivedita as Teacher

When Nivedita was asked for advice, Swamiji said – You are self-guided. You are going to learn everything from your female students. Nivedita did not impose her views but saw that the girls started developing naturally through known cultural subjects. Nivedita tried to leave an imprint of national ideas in the minds of the Girl students through

everything including their activities, behavior, language, dress, education, music, etc. She started singing Vande Mataram daily in the school. She tried to inculcate the same faith and belief in her students so that they understand the national objective equally deeply.

She wanted her students to learn to be tough when necessary because being delicate was their innate nature. To destroy evil one should not be humble at all. She tried to keep them informed about the happenings in the country. She used to take high-class girl students in a car to listen to the speeches of Surendranath Banerjee. One day Amala Bose, wife of Acharya Jagadish Chandra Bose, came to their school and the students sang the song "Bang Abhaar Janani Amar". When the girls were singing, tears of joy started rolling down their eyes. When the national convention of Congress was held in Calcutta, Nivedita asked her students to embroider and make a model of the national flag. According to her, the saffron color reflects the spiritual tradition of Bharat. Hence the color of that flag was saffron.

Nivedita as an Educationist

Education is not just about giving information but also about awakening strong feelings for the great men of our country. Nivedita was full of these feelings. The history of Bharat came alive through his imagination and description.

Nivedita was very keen that the girl students should learn their mother tongue well. She herself learned small Bengali words.

Education in Bharat should not be only for nationalism but for nation-building. Our children should remain surrounded by the concerns of the nation and the country. From them, we should demand sacrifice for Bharat, demand devotion, and knowledge. Ideal for themselves and Bharat for Bharat should be the aim of their life.

Whatever the field of work, the welfare of Bharat and the awakening of Bharatiya's consciousness was his foremost concern. She wanted a plan to have educationists who would understand and propagate the vision of Swami Vivekananda. He clarified that education is not only good for children but it is also good for the country and religion. This thought should always remain in the minds of educationists.

Nivedita had many plans for education. Despite government opposition, she wanted our schools should be training institutions for Bharatiya to improve national education. One of his ideas was to build a hostel for boys. The boys will study while staying in the hostel and will tour the country for six months so that knowledge of the country and love for the country develop within them. When Rabindranath Tagore started Shanti Niketan, the students of Nivedita Vidyalaya became the majority of female teachers there.

Bharat Bhakta Nivedita

One day Nivedita asked her students who is the queen of Bharat. The students answered, Queen Victoria. *Cont...*

Obviously, Nivedita looked upset after hearing his answer. She was both sad and angry. She shouted and said – You people don't even know who is the queen of Bharat. Then clarifying, she said – Look, the Queen of England can never be

the Queen of Bharat. Your queen is Sita Rani. Sita Rani is the eternal queen of Bharat. Swamiji had explained to Nivedita that one should never deviate from our traditional ideals of sacrifice and service in the education of women. There is a need for education of the women of Bharat but first of all the spiritual ideals of sacrifice and service have to be inculcated. Nivedita tried to follow these instructions of Swamiji with heart and soul.

Shri Rabindranath Tagore had requested Nivedita to teach English to his daughter. But Nivedita asked him, what is the point in imposing foreign ideals and standards? In my opinion, proper education means that the abilities hidden in a person should be allowed to come out. Therefore, she was not ready to give an English education because she had not come to this land to teach English language and culture to Bharatiya women.

Nivedita's field of work was entirely in the national interest.

Nivedita's Vision for Bharat

Nivedita always emphasized that Bharat is one and she felt that if all Bharatiyas thought about this truth for a few minutes every day, Bharat would become a great power and no one would be able to harm it.

Nivedita said – “I believe that power which is present in the Vedas and Upanishads, in the teachings of scholars and in the meditation of saints in the creation of religions and empires, has once again been born and its name is nationalism. I believe that Bharat's present is deeply rooted in its past and that it has a bright future ahead of it.”

His deep love for Bharat was reflected in every aspect of his life. She was a revolutionary like fire. Sri Aurobindo used to call her 'Agni Shikha'. She was also a Yogini. She was also an educationist and art critic. Rabindranath Tagore called her 'Mahasweta'. Sister Nivedita also got the nickname 'Lokmata'.

– Rekha Chudasama

(The author is the Akhil Bharatiya Sanyojika of Girls Education at Vidya Bharati.)

Organization of lecture 'Rashtra Dharma in Journalism'

22 September | Late renowned journalist and former student of Vidya Bharati. On the birthday of Rohit Sardana, the lecture 'Rashtra Dharma in Journalism' was organized in the auditorium by Vidya Bharati Akhil Bharatiya Sanskriti Shiksha Sansthan, Kurukshetra.

Shri Hitesh Shankar, editor of Panchjanya, in his Adhyakshial speech expressed his views regarding Rohit by citing nationalism in journalism. DD News Senior Consultant Editor Prakhar Srivastava, Shivendra Kumar Singh (Consultant TV 9 Digital), Panchjanya Consulting Editor Trupti Srivastava presented the experience spent with Rohit in front of everyone. Educationist and Rohit's father Shri Ratan Chand Sardana, wife Smt. Pramila Dixit, brothers Lalit Sardana, Hitesh Sardana and family members were present. Director of Vidya Bharati Sanskriti Shiksha Sansthan, Dr. Ramendra Singh, Secretary Shri Vasudev, Dr. Rishi Goyal, Dr. Hukum Singh and others were present.

Akhil Bharatiya Educational Group Meeting (Prashikshan, Vidwat Parisad, Shodh, Manak Parisad)

**Location - Vidya Bharati
Rajasthan, Sewadham
Complex, Jawahar Nagar
Sector-4, Jaipur (Raj.)**

**01 September to 03 September,
2023**

Shri Gobind Chandra Mahant, Akhil Bharatiya Sangathan Mantri said, our voice should be acceptable. A discussion has to be created by connecting academicians. We can add Bharat-centric education through news, presentations, TV, debate books, etc. Our unit is the students, it is up to us to decide how to get there. How to convert weakness into strength. Evaluation required. Research why there is no improvement. Action research is necessary for school quality. What is Bharat's relation with the subject in the current teaching system? The history of the subject should be known. B.P.Ed in Higher Education Till now Bharat is not visible in education. There is a need for Bharat-centric education.

Dr. Nandini Laxmikant, Akhil Bharatiya Sah-Mantri said, research is of a natural nature. Problem i.e. - ? Why etc. questions, this is called problem. The problem is solved at the local level. Experience also helps in solving the problem.

Information, communication, records, discussion on training planning and development journey of the subject. Panchapadi teaching. Mutual coordination of teaching/standards/scholarship/research and mutual cooperation. There was a special discussion on these topics.

Prashikshan - 13, Manak Parisad- 14, Vidwat Parisad - 04, Shodh - 04, total participants - 41 were present from across the country.

Cleanliness Fortnight

Billawar | Jammu and Kashmir Date: On September 30, 2023, Shri Jitendra Singh (Union Minister of Government of Bharat) stayed in the school premises of "Bharatiya Vidya Mandir Dadwara". In which he gave the message of being aware of cleanliness by donating labor in the school premises under "Cleanliness Fortnight".

Atal Tinkering Lab: The Hub of Innovation

Haryana | Kurukshetra Atal Tinkering Lab provides an important platform for students to generate interest in technical education and innovation. This center is a platform for innovative and practical learning for students of schools and institutions. This innovation was adopted in Geeta Niketan Awasiya Vidyalaya, Kurukshetra in 2017 and has brought about a significant change in the educational and technical development of the students. Through the Atal Tinkering Lab, students study technology through individual projects and practical tasks, making their learning more effective. They also learn various technical skills such as coding, robotics, electronics, and 3D printing, which promote personal and professional growth. The Inspire Awards Standards, ATL Marathon, and Internship Program provide an opportunity to delve deeper into the world of innovation.

Atal Tinkering Lab organizes expert workshops for students and teachers to learn the latest developments in the field of innovation and technology from reputed institutes like CSIR (Council of Scientific and Industrial Research). AMITY UNIVERSITY and IIT provide a huge opportunity for the students of Atal Tinkering Lab. Thus, the Atal Tinkering Lab is an important and unique institution in the Bharatiya education system, which is helping to encourage innovation and prepare for the technological world.

“Teachers Day” celebrated in Vidya Bharati Schools

5 September 2023

Vidya Bharati Schools celebrated “Hindi Day”

14 September 2023

Glimpses of Krishna Janmashtami celebrated in Vidya Bharati Schools

Reflection Meeting of Dakshin Madhya Kshetra

Hyderabad | Vidya Bharati Dakshin Madhya Kshetra Officer-level brainstorming meeting was organized at Shardadham, Hyderabad.

The meeting received guidance from Kshetriya Sangathan Mantri Lingam Sudhakar Reddy, Kshetriya Upadhaksh Upaadhyaksh Professor Nageswara Rao, and Kshetriya Mantri Shri Laxman Rao.

Prantiya Principal's Meeting in Jharkhand

Every school should operate at least one culture center : Khayali Ram

Chaimbasa | A two-day A-B category Prantiya Principals' meeting was organized on 7-8 September at Padmavati Jain Saraswati Shishu Vidya Mandir, Chaibasa. Kshetriya Sangathan Mantri Uttar Poorv kshetra Shri Khayali Ram threw light in detail on how to make the Shishu Mandir Yojana more effective and better. In Vidya Bharati, topics like the creation of the team, selection of principals, increasing the number of full-time staff, selection of migrant workers, etc. were discussed. He said that every school must run at least one Sanskar Kendra. This will awaken sympathy towards the society and will send a good message to the society. Use the books prescribed by Vidya Bharati in your schools and generate interest in reading good literature among the students.

Pradesh Secretary Vidya Vikas Samiti, Jharkhand, Shri Ajay Kumar Tiwari said that there is a need to think about how to make our school better than other schools. We teachers should become patriots and work for the country and society by becoming patriots. Follow the path of Vidya Bharati. Shishu classes should be run in all schools. There are 12 educational systems under this which are very useful for babies. It should be everyone's effort to ensure that the matriculation and intermediate results of the school are 100%, the brothers studying in the school should appear in the list at the district and state level. Efforts should be made to ensure that a maximum number of participants participate in Akhil Bharatiya competitions. To promote the National Education Policy, TLM, and LTMP in teaching and learning.

And LM should be used maximum. It was conducted by Akhilesh Kumar Singh, and Kshetriya Prachar Pramukh.

School Adhyaksh Ramdhyan Mishra, Secretary Tulsi Prasad Thakur, Treasurer Dilip Kumar Gupta, Member Anant Lal Vishwakarma, Principal Krishna Kumar Singh, Full Time Neeraj ji, Rajesh ji, Omkar ji, Vivek Nayan ji, Akhilesh Kumar, Tulsi Prasad, Ramesh ji and Phanindra. 103 principals including Nath Jha were present.

Sewa Disha Workshop

Raipur | Sewa Disha workshop was organized at Saraswati Shiksha Sansthan, Chhattisgarh Raipur. District coordinator of Ekal Acharya and district and department in-charge and state head of Saraswati Sanskar Kendra, Shri Chandra Kumar Dadsena taught how to create Sewa Disha Admin, create users do surveys, etc. Shri Suhas Deshpande, Akhil Bharatiya Convenor, Tribal Area Education, gave information about Sewa Disha 2024 and said that all administrators and users should learn the work of the survey. Complete the training work on time. Instructor Naresh Jaiswal said that this survey is conducted every five years. Under this, physical verification of all the service centers, inspection, center darshan, and complete information has to be presented through the app.

Dr. Devnarayan Sahu and Prantiya Sangathan Mantri said that we all have to fill out the Google form through the app carefully so that we do not face any problems later. Chandra Kishore Srivastava, Prantiya Mantri, of Janjatiya Shiksha Vhibhag Trust, said that the survey work should be completed soon. Full-time principals and key workers of other schools of Vananchal Shiksha Sewa Trust participated in the workshop. Mohit Sahu, head of the office, cooperated in organizing the workshop.

Workshop on Content Determination for a book on Traditional Bharatiya Sports

Mathura | "Content determination workshop" was organized at Saraswati Sahitya Prakashan Madhavkunj for writing a book on "Traditional Bharatiya Sports" keeping in view the education in sports. Nirikshak of the Shishu Shiksha Samiti, Braj Pradesh, Shri Ram Kishore Srivastava said that education through sports is a wonderful experiment. This is very important in primary classes. There is a great need for a book on traditional Bharatiya games to understand how Bharatiya games, which have been traditionally prevalent in our country since ancient times, can be more useful in our lives. In book writing, it will be useful to include the selection of sports, their description and importance keeping in mind the age group and child psychology.

Seminar on National Education Policy of Like-minded Schools

Madhya Pradesh | How important and effective the Rashtriya Shiksha Niti will be for present-day education, in this regard a conference of leading/thinking school leaders of Saraswati Shishu Vidhya Mandir (Saraswati Vidhya Mandir Puram Pathar Ashok Nagar, Madhya Pradesh) district was organized.

Chief guest Shri Devkinandan Chaurasia said that a teacher should be a subject expert, communicator, and good coordinator. Mahesh Srivastava, director of Vivekananda School, said that education should develop students' qualities like thinking skills, creativity and scientific aptitude, learning, expression, and logical thinking.

School Principal Mahesh Tyagi said that the British education policy is coming to an end and we are moving towards Bharat-centric education. Education is full of ethics and moral education. On this occasion, Shri Harishankar Bhargav Upmantri, Aarogya Bharatiya Sanyojak, Vidyalaya Sanchalan Committee Adhyaksh Rajendra Rajak, Committee Secretary Om Prakash Sharma, Saraswati Shishu Mandir Chanderi Principal Jagdish Sharma etc. were present.

Discussion on the Role of Parents in the Overall Development of Students.

Vidisha | Akhil Bharatiya Mantri Shri Kishanveer Singh stayed at Saraswati Vidya Mandir Talaiya in District Center Vidisha under Vidya Bharati Madhya Bharat Yojana.

Shri Kishanveer provided guidance for the empowerment of the district centre. In the Vandana session, he interacted with the students through stories and incidents and released the handwritten magazine prepared by the school. Along with this, observed classroom teaching, laboratories, computer lab, Atal Lab etc. In the parents' meeting, the role of parents in the overall development of students was discussed and suggestions were sought for the upgradation of Saraswati Shishu Mandir. In the meeting of the alumni of the school, it was discussed how their cooperation can be taken. Later, the changes brought in teaching due to the National Education Policy 2020 were discussed with the Acharya family.

21st-century skills in which collaboration skills, creativity skills, critical thinking skills, and communication skills were discussed in detail. Visited the Sanskar Kendra and discussed with the students and local citizens.

In the management committee meeting at night, the experiences of the day were shared and future plans were discussed. On this occasion, the Head of Madhya Bharat Prant Urban Education, Dr. Ramji Bhavsar, Vidya Bharati Akhil Bharatiya Executive Member and Adhyaksh of Shri Ramakrishna Das Shikshan Samiti, Smt. Rajshree Vaidya, Bhopal Vibhag Coordinator Shri Deepak Chandeva etc. were present.

Alumni Council Organized Blood Donation Camp

Bhilwara | A blood donation camp was organized by Vidya Bharati Alumni Council Bhilwara in collaboration with the State Bank of Bharat on 10th September at Adarsh Vidya Mandir Shastri Nagar. During this period 176 units of blood were donated. More than 25 mothers and more than 10 couples donated blood. On this occasion, Mahamandaleshwar Saint Hansram Udasin Ji Maharaj, special guest Shri Govind Kumar from Vidya Bharati, Shri Santoshanand and Kshetriya Manager of State Bank of Bharat Shri Avinash Patodi and Chief Manager Amit Ji Mehta, School Principal Avinash Chhipa and former students, etc. were present. . Alumni Council Bhilwara has been working in the social sector for many years.

Jan-Shiksha Sansthan - Organization of Skill Convocation
